Office Action Summary

Art Unit: 1761

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless --

(e) the invention was described in a patent granted on an application for patent by another filed in the United States before the invention thereof by the applicant for patent, or on an international application by another who has fulfilled the requirements of paragraphs (1), (2), and (4) of section 371(c) of this title before the invention thereof by the applicant for patent.

2. Claims 23-40 are rejected under 35 U.S.C. 102(e) as being clearly anticipated by Tanaka et al (cols. 3-7).

Applicant is referred to paragraph no. 2, Paper No. 4.

3. Applicant's arguments filed April 24, 2000 have been fully considered but they are not persuasive. Although isomalt alone is not disclosed by Tanaka et al, as applicant contends, applicant's product is not limited to the treatment of isomalt alone nor is applicant's process limited to the treatment of isomalt alone. Thus, the combination of isomalt and modified starch, as disclosed by Tanaka et al, is not precluded by applicants' claims. In fact, applicant admits (page 3 of remarks) that optional ingredients may be used in conjunction with applicant's isomalt. The intended use of applicant's isomalt, i.e. to provide crunch to chewing gum, is entitled to no patentable weight in applicant's product or process of preparing claims.

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO

Art Unit: 1761

MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
